Adventure

For just  
**£349**

*Join us in a classic tour of the Eternal City with its fabulous choice of attractions dating back centuries. Rome is dripping in history and is also a vibrant city which offers a slice of real life so often missing in other capital cities. It is deeply rooted in its past, yet always on the move. Everywhere you go, from the Forum to the Pantheon, from Piazza Navona to Piazza del Popolo, the Trevi Fountain to the Spanish Steps, different slices of history clamour for attention.*

*The city's architectural history reflects a tug of war between past and present, the backdrop of historical buildings vie for attention with the buzz of the cafes, bars and superb restaurants. Long balmy evenings relaxing in a piazza or medieval lane mean that Romans enjoy late dinners that end well after midnight. As the weather is mild for most part of the year - don't be surprised if the many piazzas turn into one huge outdoor bar!*
